Rexford Industrial Announces Third Quarter 2021 Financial Results

October 20, 2021

LOS ANGELES, Oct. 20, 2021 /PRNewswire/ -- Rexford Industrial Realty, Inc. (the "Company" or "Rexford Industrial") (NYSE: REXR), a real estate investment trust ("REIT") focused on creating value by investing in and operating industrial properties within Southern California infill markets, today announced financial and operating results for the third quarter of 2021.

Third Quarter 2021 Financial and Operational Highlights:

- Net income attributable to common stockholders of \$31.5 million, or \$0.23 per diluted share, as compared to \$25.9 million, or \$0.21 per diluted share, for the third quarter of 2020.
- Company share of Core FFO of \$59.6 million, an increase of 46.9% as compared to the third quarter 2020.
- Company share of Core FFO per diluted share of \$0.43, an increase of 30.3% as compared to the third quarter 2020.
- Consolidated Portfolio Net Operating Income (NOI) of \$87.8 million, an increase of 39.4% as compared to the third quarter of 2020.
- Same Property Portfolio⁽¹⁾ NOI increased 9.7% and Same Property Portfolio⁽¹⁾ Cash NOI increased 13.3% as compared to the third quarter 2020.
- Average Same Property Portfolio occupancy was 98.6%.
- Comparable rental rates on 1.8 million rentable square feet of new and renewal leases were 54.3% higher than prior rents on a GAAP basis and 38.5% higher on a cash basis.
- Acquired thirteen properties for an aggregate purchase price of \$880.5 million and sold one property for a sales price of \$18.6 million.
- Completed a debt offering of \$400 million aggregate principal 2.150% Senior Notes due September 1, 2031.
- Issued a total of 13.7 million shares of common stock for total net proceeds of \$783 million through a range of equity transactions.
- Ended the quarter with a low-leverage balance sheet measured by a net debt-to-enterprise value ratio of 12.7%.

"Our team produced another quarter of extraordinary results, reflecting the unique, entrepreneurial nature of the Rexford business model and the strength of our infill Southern California industrial market. We achieved Core FFO growth of 47% and 30% on a per share basis, fueled by consolidated NOI growth of 39%, compared to the prior year quarter. Our team executed 1.8 million square feet of leasing activity at outstanding GAAP and cash releasing spreads of 54% and 39%, respectively," stated Michael Frankel and Howard Schwimmer, Co-Chief Executive Officers of the Company. "We continued to scale our operating platform and deepen our market penetration with thirteen acquisitions during the quarter for \$880 million, surpassing \$1.3 billion of investments completed year-to-date. Our investment activity is planting the seeds for what we believe will be sustained cash flow growth into future periods. Meanwhile, with over \$300 million of opportunities under contract or accepted offer, we remain well-positioned with substantial liquidity and a best-in-class, low leverage balance sheet at 12.7% net debt to enterprise value to drive substantial value creation and long-term shareholder value."

(1)The Same Property Portfolio was previously referred to as the "Stabilized Same Property Portfolio." No definitional changes have been made.

The Notes were priced at 99.014% of the principal amount and will mature on September 1, 2031. The proceeds from the Notes are expected to be allocated to investments in recently completed or future green building, energy and resource efficiency and renewable energy projects, including the redevelopment of such projects. Pending the allocation to eligible green projects, net proceeds of the Notes were used to repay the Company's \$225 million term loan due in 2023, fund the redemption of all shares of the Company's 5.875% Series A Cumulative Redeemable Preferred Stock and acquisition activities.

During the third quarter, the Company executed on its ATM program, selling 3,397,958 shares of common stock at a weighted average share price of \$61.43 per share, or \$208.7 million of common stock, as follows:

- Issued 786,174 shares of common stock at an average price of \$60.42 per share, receiving proceeds of approximately \$47.5 million before issuance costs.
- Sold 2,611,784 shares of common stock that were subject to a forward equity sale agreement at an average price of \$61.73 per share for a gross value of \$161.2 million. The Company fully settled this forward sale agreement in the third quarter and received net proceeds of approximately \$159.1 million.

As of September 30, 2021, the ATM program had approximately \$299.4 million of remaining capacity.

In September 2021, the Company fully settled the remaining 7,190,474 shares outstanding under the forward equity sale agreements from the Company's May 2021 public offering for total net proceeds of approximately \$395.0 million.

In September 2021, the Company completed a public offering of 9,600,000 shares of common stock comprising 3,100,000 shares of common stock offered directly by the Company for gross proceeds of \$181.8 million and 6,500,000 shares of common stock subject to forward equity sale agreements at an initial forward price of \$58.65 per share for a gross offering value of \$381.2 million. As of September 30, 2021, the Company expects to receive approximately \$379.6 million upon the settlement of the forward equity sale agreements which is expected to occur by March 22, 2023.

Dividends:

On October 18, 2021, the Company's Board of Directors declared a dividend in the amount of \$0.24 per share for the fourth quarter of 2021, payable in cash on January 18, 2022, to common stockholders and common unit holders of record as of December 31, 2021.

On October 18, 2021, the Company's Board of Directors declared a quarterly dividend of \$0.367188 per share of its Series B Cumulative Redeemable Preferred Stock and a quarterly dividend of \$0.351563 per share of its Series C Cumulative Redeemable Preferred Stock, in each case, payable in cash on December 31, 2021, to preferred stockholders of record as of December 15, 2021.

(2) The Same Property Portfolio was previously referred to as the "Stabilized Same Property Portfolio." No definitional changes have been made. For a full definition of the Same Property Portfolio please see definitions herein.

(3) 2021 General and Administrative expense guidance includes estimated non-cash equity compensation expense of \$17.1 million. Non-cash equity compensation includes restricted stock, time-based LTIP units and performance units that are tied to the Company's overall performance and may or may not be realized based on actual results.

The Core FFO guidance refers only to the Company's in-place portfolio as of October 20, 2021, and does not include any assumptions for other acquisitions, dispositions or balance sheet activities that have not closed. A number of factors could impact the Company's ability to deliver results in line with its guidance, including, but not limited to, the duration and severity of the impact of the COVID-19 pandemic, interest rates, the economy, the supply and demand of industrial real estate, the availability and terms of financing to the Company or to potential acquirers of real estate and the timing and yields for divestment and investment. There can be no assurance that the Company can achieve such results.

The Company disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes.

Definitions / Discussion of Non-GAAP Financial Measures:

Funds from Operations (FFO): We calculate FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts ("NAREIT"). FFO represents net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciable operating property, gains (or losses) from sales of assets incidental to our business, impairment losses of depreciable operating property or assets incidental to our business, real estate related depreciation and amortization (excluding amortization of deferred financing costs and amortization of above/below-market lease intangibles) and after adjustments for unconsolidated joint ventures. Management uses FFO as a supplemental performance measure because, in excluding real estate related depreciation and amortization, gains and losses from property dispositions, other than temporary impairments of unconsolidated real estate entities, and impairment on our investment in real estate, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that, as a widely recognized measure of performance used by other REITs, FFO may be used by investors as a basis to compare our operating performance with that of other REITs. However, because FFO excludes depreciation and amortization and captures neither the changes in the value of our properties that result from use or market conditions nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties, all of which have real economic effects and could materially impact our results from operations, the utility of FFO as a measure of our performance is limited. Other equity REITs may not calculate or interpret FFO in accordance with the NAREIT definition as we do, and, accordingly, our FFO may not be comparable to such other REITs' FFO. FFO should not be used as a measure of our liquidity and is not indicative of funds available for our cash needs, including our ability to pay dividends. FFO should be considered only as a supplement to net income computed in accordance with GAAP as a measure of our performance. A reconciliation of net income, the nearest GAAP equivalent, to FFO is set forth below. "Company Share of FFO" reflects FFO attributable to common stockholders, which excludes amounts allocable to noncontrolling interests, participating securities and preferred stockholders (which consists of preferred stock dividends and any preferred stock redemption charges related to the write-off of original issuance costs).

Core Funds from Operations (Core FFO): We calculate Core FFO by adjusting FFO to exclude the impact of certain items that we do not consider reflective of our core revenue or expense streams. These adjustments consist of (i) acquisition expenses, (ii) loss on extinguishment of debt, (iii) the amortization of the loss on termination of interest rate swaps and (iv) other amounts as they may occur. Management believes that Core FFO is a useful supplemental measure as it provides a more meaningful and consistent comparison of operating performance and allows investors to more easily compare the Company's operating results. Because certain of these adjustments have a real economic impact on our financial condition and results from operations, the utility of Core FFO as a measure of our performance is limited. Other REITs may not calculate Core FFO in a consistent manner. Accordingly, our Core FFO may not be comparable to other REITs' Core FFO. Core FFO should be considered only as a supplement to net income computed in accordance with GAAP as a measure of our performance. A reconciliation of FFO to Core FFO is set forth below. "Company Share of Core FFO" reflects Core FFO attributable to common stockholders, which excludes amounts allocable to noncontrolling interests, participating securities and preferred stockholders (which consists of preferred stock dividends, but excludes non-recurring preferred stock redemption charges related to the write-off of original issuance costs which we do not consider reflective of our core revenue or expense streams).

Reconciliation of Net Income Attributable to Common Stockholders per Diluted Share Guidance to Company share of Core FFO per Diluted

Share Guidance:

The following is a reconciliation of the Company's 2021 guidance range of net income attributable to common stockholders per diluted share, the most directly comparable forward-looking GAAP financial measure, to Company share of Core FFO per diluted share.

	2021 Estimate	
	Low	High
Net income attributable to common stockholders	\$ 0.70	\$ 0.71
Company share of depreciation and amortization	1.06	1.06
Company share of gains on sale of real estate	<u>(0.19)</u>	<u>(0.19)</u>
Company share of FFO	\$ 1.57	\$ 1.58
Add: Series A Preferred Stock redemption charge ⁽¹⁾	0.02	0.02
Add: Amortization of loss on termination of interest rate swap	<u>0.01</u>	<u>0.01</u>
Company share of Core FFO	<u>\$ 1.60</u>	<u>\$ 1.61</u>

(1) In connection with the redemption of the 5.875% Series A Cumulative Redeemable Preferred Stock on August 16, 2021, the Company incurred an associated non-cash charge of approximately \$3.3 million, as a reduction to net income attributable to common stockholders for the original related issuance costs.

Net Operating Income (NOI): NOI is a non-GAAP measure, which includes the revenue and expense directly attributable to our real estate properties. NOI is calculated as rental income from real estate operations less property expenses (before interest expense, depreciation and amortization). We use NOI as a supplemental performance measure because, in excluding real estate depreciation and amortization expense and gains (or losses) from property dispositions, it provides a performance measure that, when compared year over year, captures trends in occupancy rates, rental rates and operating costs. We also believe that NOI will be useful to investors as a basis to compare our operating performance with that of other REITs. However, because NOI excludes depreciation and amortization expense and captures neither the changes in the value of our properties that result from use or market conditions, nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties (all of which have a real economic effect and could materially impact our results from operations), the utility of NOI as a measure of our performance is limited. Other equity REITs may not calculate NOI in a similar manner and, accordingly, our NOI may not be comparable to such other REITs' NOI. Accordingly, NOI should be considered only as a supplement to net income as a measure of our performance. NOI should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs.

NOI should not be used as a substitute for cash flow from operating activities in accordance with GAAP. We use NOI to help evaluate the performance of the Company as a whole, as well as the performance of our Same Property Portfolio. A calculation of NOI for our Same Property Portfolio, as well as a reconciliation of net income to NOI for our Same Property Portfolio, is set forth below.

Cash NOI: Cash NOI is a non-GAAP measure, which we calculate by adding or subtracting from NOI: (i) fair value lease revenue and (ii) straight-line rent adjustments. We use Cash NOI, together with NOI, as a supplemental performance measure. Cash NOI should not be used as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs. Cash NOI should not be used as a substitute for cash flow from operating activities computed in accordance with GAAP. We use Cash NOI to help evaluate the performance of the Company as a whole, as well as the performance of our Same Property Portfolio. A calculation of Cash NOI for our Same Property Portfolio, as well as a reconciliation of net income to Cash NOI for our Same Property Portfolio, is set forth below.

Same Property Portfolio:

Our Same Property Portfolio is a subset of our consolidated portfolio and includes properties that were wholly owned by us for the period from January 1, 2020 through September 30, 2021, and excludes properties that were acquired or sold during the period from January 1, 2020 through September 30, 2021, and properties acquired prior to January 1, 2020, that were classified as current or future repositioning, redevelopment or lease-up during 2020 or 2021 (unless otherwise noted), which we believe significantly affected the properties' results during the comparative periods. As of September 30, 2021, our 2021 Same Property Portfolio consists of 194 properties aggregating 24,652,152 rentable square feet. The Same Property Portfolio was previously referred to as the "Stabilized Same Property Portfolio." No definitional changes have been made.

Properties and Space Under Repositioning: Typically defined as properties or units where a significant amount of space is held vacant in order to implement capital improvements that improve the functionality (not including basic refurbishments, i.e., paint and carpet), cash flow and value of that space. A repositioning is generally considered complete once the investment is fully or nearly fully deployed and the property is available for occupancy. We consider a repositioning property to be stabilized at the earlier of the following: (i) upon reaching 90% occupancy or (ii) one year from the date of completion of repositioning construction work.

Net Debt to Enterprise Value: At September 30, 2021, we had consolidated indebtedness of \$1.4 billion, reflecting a net debt to enterprise value of approximately 12.7%. Our enterprise value is defined as the sum of the liquidation preference of our outstanding preferred stock and preferred units plus the market value of our common stock excluding shares of nonvested restricted stock, plus the aggregate value of common units not owned by us, plus the value of our net debt. Our net debt is defined as our consolidated indebtedness less cash and cash equivalents.

In-Place Annualized Base Rent (ABR): Calculated as the monthly contractual base rent (before rent abatements) per the terms of the lease, as of September 30, 2021, multiplied by 12. Includes leases that have commenced as of September 30, 2021 or leases where tenant has taken early possession of space as of September 30, 2021. Excludes tenant reimbursements.
